### Ensiferum - Unsung Heroes

Also I have a question - If the title of a song/album or name of an artist I am listening to contains strong swearing and/or is likely going to be considered offensive, I presume it is best to not mention it?

I think you can still mention it. If you want to stay safe, you might want to use spoilers, marked "title has strong swearing" or something like that.

At least I haven't gotten into trouble with song titles like Pure Fucking Armageddon or band names like Anal Cunt. Of course, if you want to include some lyrics, those shouldn't be over-the-top explicit

Sabaton - To Hell and Back

*Crosses grow on Anzio  
Where no soldiers sleep  
and where hell is six feet deep  
That death does wait  
There's no debate  
So charge and attack  
going to Hell and Back*
