So do I. So I can keep track of all the albums I have listened to, and maybe rate them if I can come up with ratings...

I compiled a list of albums from 2013 that I have listened to, but that's it, really...I want to start organizing ALL the albums I've listened to more then I have.

Latin rock seems to only be good when it is done with a band that isn't originally Latin Rock specific and they mix a whole bunch of things together.

Latin rock is generally some of the most boring forms of music I've ever heard. Not really bad, just boring.
