The Many Worlds interpretation is true, so Schroedinger's Monkey, Monkey 4984, kind of just ended up being dead, knowing that Alternate Universe Monkey 4984 lived forever.

Monkey 4983 was a Greek lawgiver from Sicily. According to Diodorus Siculus, he issued a law that anyone who brought weapons into the Assembly must be put to death. One day, he arrived at the Assembly seeking help to defeat some brigands in the countryside but with a knife still attached to his belt. In order to uphold his own law, he committed suicide.

Planesgate is located on a nexus: a place where all of the planes of existence converge on each other. The influence of these other planes has mutated our inhabitants and gifted them with arcane powers, while also leaving them open to extraplanar attack.

Monkey 4977 infiltrated Pizza Hut for years. He finally discovered the secret to outpizza-ing the Hut. He took the information on a usb drive and made a run for it. He was almost to Papa Johns when the Pizza Hut hitmen found him. They forced that same usb drive down his throat, choking him to death. The body was disposed of in a pizza oven.

Monkey 4976 managed to recover the USB, and fulfilled the mission 4977 couldn't do. He told Papa John's to "lay low". 4976 was never heard from again, but Papa John's knows how to outpizzaz the hut, they just keep it secret, and maintain the illusion that the hut can never be outpizzad. They're now four parallel universes ahead of Pizza Hut.

Monkey 4974 tried to befriend Clint Eastwood, but was killed by Clyde the Orangutan. Clyde is a jealous ape.

If you understood this reference, I tip my hat to you. It's not a very widely-seen movie.

Monkey 4970 picked up the revolver from monkey 4971's body. He emptied the four remaining rounds from the revolver, and decided to eat them because the casings were shiny. He choked to death.

Monkey 4966 was trapped in a endless time loop of the 10,000 Monkey Genocide up until 4966's turn was up, and said monkey is forced to repeat the cycle over and over again for eternity. The only way said cycle can be broken is if Monkey 4966 finds a way to stop the genocide from happening and save his fellow brothers and sisters.

Monkey 4965 tried to come up with a clever way to die and died of overthinking.
