The Dictatorship of Sergey Taboritsky is a very large, efficient nation, remarkable for its avowedly mad populace, anti-defence policies, and slave executions.

(I took this from the factbook and the overview. I'm hoping I'm allowed to take from the overview.)

what, I never said that. You took a summary practically  
+it's Chook Chook and Chook Chook isn't a lesbian. Esmè is  
+ it's not called the married eggs council, that'd be hilarious but it's not the name  
+they don't *need* cow heirs. only Esmè has a cow heir
