Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

Kingdom of the Crystal Skull

### **The Kingdom of Tetchland**

*An almost-absolute Catholic monarchy that seceded from Sweden during the Reformation. It's something of a Western Hong Kong (pre-2019), being a small, densely-populated urban region that enjoys wide economic freedoms, modern amenities, and wealth, but holds a strong dedication to tradition with regards to religion, military, and national pride. It's on a small, fictional archipelago halfway between Sweden and Poland.*
