My favourite Death album.

I have literally no music on this hard drive so I'm ripping CD's onto it right now.

Playin Audiosurf with Talking Heads.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
