Decoded Feedback - *Bio-Vital (Funker Vogt Remix)*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Elton John - Club at the End of the Street
From *Sleeping with the Past* (1989)

*When the shades are drawn
And the light of the moon is banned
And the stars up above
Walk the heavens hand in hand
There's a shady place
At the end of the working day
Where young lovers go
And this hot little trio plays*

*That's where we meet
That's where we meet
Me and you rendezvous
In the club at the end of the street
Oooh where we meet
Oooh where we meet
Me and you rendezvous
In the club at the end of the street*

Elton John - I Don't Wanna Go On with You Like That
From *Reg Strikes Back* (1988)

*I guess this kind of thing's just in your blood
But you won't catch me carving up my love
I ain't no puzzle piece that needs to fit
If it takes more than me let's call it quits*

*'Cause I don't wanna go on with you like that
Don't wanna be a feather in your cap
I just wanna tell you honey I ain't mad
But I don't wanna go on with you like that*

Elton John - Circle of Life
From *The Lion King: Original Motion Picture Soundtrack* (1994)

*There's far too much to take in here
More to find than can ever be found
But the sun rolling high through the sapphire sky
Keeps great and small on the endless round*

*In the circle of life
It's the wheel of fortune
It's the leap of faith
It's the band of hope
Till we find our place
On the path unwinding
In the circle, the circle of life*

Bee Gees - First of May
From *Odessa* (1969)

*When I was small, and Christmas trees were tall
we used to love while others used to play
Don't ask me why, but time has passed us by
some one else moved in from far away*

*Now we are tall, and Christmas trees are small
and you don't ask the time of day
But you and I, our love will never die
but guess we'll cry come first of May*

Metallica - St. Anger
From *St. Anger* (2003)

*Saint Anger 'round my neck
Saint Anger 'round my neck
He never gets respect
Saint Anger 'round my neck*

That I don't need no other lover
Something in her style that shows me*
