Falangist Dictatorship.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

Technocratic Corporate Autocracy with a slight touch of customer benevolence

Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.

Monarchy

Ngotintu is a nation in the African Great Lakes region sandwiched between Malawi, Mozambique, Zambia, and Tanzania. It suffered extensively from British colonialization and exploitation, and is now ruled by a dictatorship with an iron clench on the entire nation.
