I like the English translation of Aprei moi, le deluge. Cool callback that quickly summarizes their nation's attitude.

"Who fortifies his town well...and looks after his subjects, will never be attacked without great hesitation, for men are always adverse to enterprises where difficulties are obvious, and it will be clear it is not to be an easy thing to attack one who has his town well-fortified, and who is not hated by his people."

Been thinking about reviving the old Fallout 4 puppet tbh but like this time as an anthology thing with stories idk.

My reaction to that information :

### **THE PRINCIPALITY OF ZERREICHE** **FÜR PRINZ UND VATERLAND!**

A bustling metropolitan city-state situated deep in the Alps, the Principality of Zerreiche is a forgotten legacy. Once a key player in the Alpine region and the Italian peninsula's geopolitics, and once home to one of the fiercest, bravest, and most honorable warriors of Napoleon's time during his campaigns across Europe, the metropolitan Principality of Zerreiche is now but a mere microstate and tourist attraction site in the Alps that relies on tourism as its major source of income.

Curious now if a four day workweek has actually been successfully implemented, might look that up.

And of course, it takes someone dying for the government to finally do something.
