A grey rain falls on Revachol. The city soaks in it, cold and dripping. Waves hit the concrete breakers. The homeless huddle by the fires behind the fences. There, among the shacks, is your home. Stay. Have a drink. This is somewhere to be. This is all you have, but it's still something. Streets and sodium lights. The sky, the world. You're still alive.

Idk, the Peruvian Guy?

I like to mix up things, flag is from Peru, president and the overall culture are French and the army is Russian except for the special forces which also are from Peru. Currently in Civil War.

**Before we start:** I'm writing a story without actually having to write, my lore is about a civil war deeply inspired by events such as the Bogotazo and La violencia, Bosnian war and the Chechen war. So instead of describe the war and the various war crimes going on, I just put images, not too much graphic to show the conflict.

There will be factbooks, but nothing too deep like some nations out there.
