They are a technocracy which speaks Latin. Also they used to have a policy of enforced neutrality, and are undergoing a military buildup at the moment.

Their nation well a monarchy is governed by a theocratic order of nuns known as the Order of Saint Amelie. They run most affairs of state instead of government officials or the monarch.

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

Despite their name, Lusophone descendants of Portuguese settlers are actually a minority within the White minority that dominates their nation, in comparison to the Afrikaners.

When it came down to the spelling and language reforms, the Deseret alphabet was suggested, but failed to perform in the polls. It did, however, take off in the province of Deseret, where it was historically used.
