Monkey 1848 just now brutally murdered Monkey 1851. That murder involved a massive quantity of wasps. Monkey 1848 did not survive his commission of murder.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin.
Shockingly, we *do* use NS stats, with the exception of lifespan.

The NS user who was trying to decide how to murder Monkey 1847 had no idea what to put in the post and while the said user was attempting to think of a way to kill the monkey, 1847 died of old age.

Monkey 1844 literally killed a neo nazi who was in the process of stabbing a gay man, and instead of being hailed as a hero, was shot to death by the police.
