Coryana seems like quite a lovely place, and I'd certainly love to live there, as long as they don't mind me living outside the hive mind. I'm a little too stubborn to live any way except by myself. 😊

Karamiko - the land of lush pine forests, adorable king penguins, cultural diversity, humanistic religion, friendliness, kindness, baseball, unisex looks, kalanta, and more!

Antarctica, but thawed. While the rest of the world is probably flooding due to global warming and Australia's nothing more than a cinder, you're laughing? A utopia in the formerly most inhospitable climate on Earth while South Side Chicago converts their gangs to Caribbean pirates?

Edit: I must've suffered a stroke while writing this because I swear I thought this was the "Your Thoughts on AN" thread, hence my response

But yeah, despite my tone about it I'd still live there

About a 30% chance I would live there. I would prefer a state that isn't one-party.
