No Rules RP

Say what country exists, what country collapses, which countries declare war but I decide who wins a war
Also no one can control a country, its third person

Example:

Random nation: make prussia
Me: *shows image of prussia on world map
Random nation: make korea
Random nation 2: make byzantine and make prussia expand east
Me: *makes byzantine and korea while expanding prussia
Random nation: make greece
Me: *greece wins war of independence from byzantine
Random nation: make sustopia
Me: wheres sustopia
Random nation: brazil
Me: *puts sustopia in brazil

Make a giant Amazon box, name it Capitalistia and have Jeff Bezos and rule it with an iron fist

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.
