Despite their relative newfound-ness on this site, they've gotten themselves quite acquainted and decently recognized a considerable amount on NS as a whole. They're not the most universally recognized or accepted, and their sort of (no offense) generic name that may be confused for a myriad of others doesn't necessarily help, but you'll probably like this user when you engage with them. Decently known, and well known relatively.

Very, very well known in the realm of F7, and has picked up quite a name for themselves in part thanks to their amazingly done Factbooks. <3 Haven't seen them outside of F7 just yet, but it's probably just me not looking hard enough.

Somewhat well-known in RMBs, according to their signature anyways. Though, haven't encountered them much at all on the F7 forums. Maybe that'll change.

A prominent F7 user, known for their high effort posts and frequent visits to this forum. Not quite as known in the other forums, though as they seem to not post much in other forums. They may also be known for some other puppets that they've used around here.

Not particularly well known or notable, though that's more due to their generally low posts relative to the time they've been in existence. I hope we get to see more of them, though.

Considering the ammount of nations in their region, the ammount of posts they have, and assuming people read through the forums as I do (often without posting) i'd say they're known (or at least known of) by a small but not insignificant number of people.

Keep on grooving my guy, one day you may even reach fame!

Welcome to Aerlanica! the resident punching bag of the entire universe! God
