Taoist-Jainist mutualism can't *all* bad, right?

Nothing about the flag speaks evil unless you are homophobic.

*This is cult of personality, the day that you will be free is the day you'll never see,
What you do is my will what I want you all to be, my obedient tools in the hands of me.*

I tell you what to do and I want you to fight, disobey MY words and you FACE MY MIGHT.*

Loads of evil symbolism, as Halloween is inherently satanic according to the Christian families that hand out religious comic books instead of candy...

In spite of this, I'm getting a significant *neutral* vibe...

3/10 definitely evil, but not as evil as people who give children propaganda instead of candy

Halloween is bad.

8/10

My super short factbook just about sums it up really.
Notes: I chose the black sun because it looks cool, not because I support satanic nazism.
This is unironic.
