Oh, I see, another "democratic" nation.

I meant that it's essentially a small city state that typically punches above its waist when it comes to economics and its geopolitical standing. There are no similarities to their authoritarian politics. This is all in the factbooks if you're curious.

A state ruled by a Hetman. It was used by the Cossack Hetmanate in the 17th century, and unofficially (I think) by the Ukrainian State/Hetmanate during the Russian Revolution

Well, there was an incident back in 2003 where... bad things happened with a flag, so it makes sense that he's paranoid about them. However, that also functions as an OOC statement because at the time of writing, I was pretty sure that everyone hated the Statesburgonian flag. That's why I changed it for a couple weeks.
