We're a hyper inclusive society that despises racism of any sort. That's one of the capital crimes of the revolution. Your statement led me to believe you were highlighting the crime of racism.

Decorating a campsite with flags is not a crime in Rivogna. The employees would most likely ask you to limit those to your area.

Having something copyrighted under your name is also not a crime; most people customarily copyright their works with little repercussions.

However, murder is, of course, a heinous crime. Murderers generally receive hefty prison sentences—ranging from 25 years to life.

What happens in BN if someone has a tank in their driveway?
