Monkey 4660 was a 25 y.o. incel/loser from a Polish countryside, who was from childhood bullied by normies because of his appearance and personality. He never helded somebody's hand in his life. So he was sitting all days depressed, on wykop.pl, where he was complaining about Chads, normies and Stacys. Five years later, he realized that he could something do with that, but instead of that, he was self-pitying. He became a wizard. So he was so frustrated, that he wanted to commit the suicide. He had an unusual way to do that. Some day, when he was going by bus to his work. The bus was filled with old women. So Monkey 4660 decided to commit the suicide by yelling at the whole bus: "JOHN PAUL II WAS F\*\*KING YOUNG CHILDREN!!!". He has been trampled to death by angry, ultra-catholic old women.

Did you ever hear the tragedy of Monkey 4654 the Wise? I thought not. It's not a story the Jedi would tell you. It's a Sith legend. Monkey 4654 was a Dark Lord of the Sith, so powerful and so wise he could use the Force to influence the midichlorians to create life... He had such a knowledge of the dark side that he could even keep the ones he cared about from dying. The dark side of the Force is a pathway to many abilities some consider to be unnatural. He became so powerful... the only thing he was afraid of was losing his power, which eventually, of course, he did. Unfortunately, he taught his apprentice everything he knew, then his apprentice killed him in his sleep. Ironic, he could save others from death, but not himself.

They say Ulfric Stormcloak murdered Monkey 4651 with his voice! Shouted him apart!

People tend to assume that Entrance of the Gladiators by Julius Fučík is what that ever so famous circus clown theme is. And in a way, it is. Nobody would ever argue with you on this fact. However, if you want to be an unlikable, pedantic jerk, the song actually known to be circus music would be a version composed for American woodwind bands (and later transcribed for fairground organs) titled Thunder and Blazes, published by Louis-Philippe Laurendeau. Of course, this information is of absolutely no consequence to anyone.

Monkey 4647 tried to make the first trans-Atlantic swim. He did not bother learning to swim first.
