Nightcore

by **Red Flame Nation** » Thu Jan 16, 2020 2:22 pm

Personally I love Nightcore music. Typically, I'll listen to a song, like it, then listen to the nightcore-d version and love it. To me, most music sounds better when nightcore-d. What are your options on the type? It's not an "official" music genre and in a way it could be considered stealing depending on your views, so I'm interested to see how other people feel
