"A Letter from Home" by Ulrich Schnauss

To say that this song is a masterpiece in every way would be an understatement.

Eh, make's me think too much of something I don't really care for. At least it's not what I originally thought it was when I read the name...

The language of *Draugaborg* is *Draugskur*. The demonym is *Draugaborgskúr*(male) or *Draugaborgskö* (female), both plural and singular. The adjective is *Draugaborgar*. *Draugskur* is a constructed and artistic language created by me, and is based mainly on Icelandic and Russian. Please note that its systems and grammar may be modified, so certain posts will be rendered void in retrospect.

I love that album.

The Curse of Izanagi, Sigh.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
