Monkey 6705, a stowaway about Monkey 6706's ship, died shortly after when the reactor failed and he was fried and extremely irradiated simultaneously.

6702 made the dinner that 6703 ate. When he was done cooking, he left the oven on and it burned down his restaurant. He did not escape.

Monkey 6701 was a firefighter who responded to the restaurant fire. In a freak accident, a beam fell across a lid on a boiling pot and the pressure built up until the pot exploded. Monkey Firefighter 6701 was killed by the shrapnel.

6698 collected all of his farts into a 2 liter coke bottle for 30 years. One day, he was smoking some pot with a friend. While lighting up, he got the lighter a little too close to the plastic bottle. The bottle ruptured and the explosion leveled everything for 300 miles.
