No, it is not the Confederate States of America. No, it's not the South either. SU stands for 'States and Unions'. The right acronym is RCAS. Please read the Factbook.

"But the cog-mind does bring up an important point - democracy *does* lead to infighting, and to putting the reigns of the nation in the hands of people of poor blood and illegitimate lineage, the undoing of over a million years of tradition, decorum, and ultimately undermining the good, civilized, royalist values. Your 'American system' is pure shite, simple as that. As is yourself, a person of *common* birth. You work so hard to bring yourself up, but ultimately your struggles are in vain. Power is something people are *born* with. Either you have it, or you *don't*. At the end of the day, Mr. Pickett, you will never be half the man I am. Your support for a number of experimental and plebeian institutions further demonstrates that fact; you had to *invent* a fake power where it did not exist, where as *true* and *rightful* power is something a person is born into. You are not a royal, and will never *be* a royal. Mr. Pickett, you must stop pretending to be royalty and get off of your throne so that a proper monarch can sit there and make your petty little backwater territory into a true and proper nation!"
