Why don't you come to New Ulsan? We've got weed and Fennecs.

If you see being political, know that I barely know about politics. I'm learning at snail pace, so don't take me too seriously. I'm doing my best <:  
By the way, I don't care about your political discussions. Fxck off.

Monkey 1206, an ex-bounty hunter set out on one last job to find Monkey 100 and kill him for his crimes. after years of searching he succumbed to his age and with his final breath he passed his mission on to his apprentice. let's hope his death was not in vain and that this monkey can end 100's reign of terror.

Fyddin is a kind yet isolationist nation with a Parliament, Grand Court, and Jarl which serves a presidential role. Though laws may be strict, all decisions are made for the average benefit and safety of the citizens. The fishing trade is thriving, weed is legal, and the people are happy.

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
