Lethal injection collars that inject lethal stuff at the detected thought of sabotage.

A Communist parody so over-the-top it makes the Babylon Bee cringe.

This horror is brought to you by Tarvella.

Capitalism, being too focused on money to bother coming up with a cure, either because it's expensive or it's not profitable. They have no consideration for the wellbeing of the general populace.

My super short factbook just about sums it up really.

Notes: I chose the black sun because it looks cool, not because I support satanic nazism.

This is unironic.
