Rapid heating of the Earth's core

Ittonia, an island at the northernmost of the north sea experiencing great history, and culture

From the Prussian colonization era to the discovery of Haeven (Now dying) This nation developed itself and doesn't hesitate continuing! Now, we're trying to do our best in this great world. (Even though it doesn't always work out, LOL)

So now, we honorably sign this post in the name of our nation: The Republic of Ittonia

Professional woman (she/they). Anti-raiding. I do use NS stats (for the most part). I don't actually think an incredibly oppressive economy-focused dictatorship is a good government whatsoever, I just made my country one for fun.
