*My NS stats are **not** indicative of my OOC views. NS stats are meant to be rather silly. My OOC political and ideological inspirations are as such:*

The Republic, by Plato | Leviathan, by Thomas Hobbes | The Confucian civil service system of imperial China | The "Golden Liberty" elective monarchy system of the Polish-Lithuanian Commonwealth | The corporatist/technocratic philosophy of Henri de Saint-Simon | The communitarian ideological framework of the Singaporean People's Action Party | "New Deal"-style societal regimentation | Kantian/Mohist/Stoic philosophy

Irreligious

This place is not a place of honor... no highly esteemed deed is commemorated here... nothing valued is here. What is here was dangerous and repulsive to us. The danger is in a particular location... it increases towards a center... the center of danger is here... of a particular size and shape, and below us. The danger is still present, in your time, as it was in ours. The danger is to the body, and it can kill. The form of the danger is an emanation of energy. The danger is unleashed only if you substantially disturb this place physically. This place is best shunned and left uninhabited.

Axuva Today Network [ATN] Today we announce that the Axuvian Government now recognizes The Russian Language as an Official Language, Korean and English were spoken in the beginning, but there were Russians too, russians were forgotten and their language were not recognized due to the things they did in the past, but now their language is a official language of Axuva, and there will now be 3 official languages instead of two.
