[VlaRiSsiA](#)'s oldest puppet who was revived out of boredom. NS stats were accused of heresy and burned at the stake.

The Tilminese Federation is a totalitarian fascist theocracy ruled with an iron fist by [The Overseers](#), a fanatical organization of theocratic fundamentalists seeking to eradicate 'modern degeneracy'. Has scenic architecture, no light pollution, quiet streets and public executions for the smallest crimes. On and one in every four Tilminese has died from starvation, disease, execution, forced labor, and genocide ever since the Overseers have taken power but that's not too important.

For every reply deemed by The Overseers as 'boring', they will massacre and raze a village. Number of villages razed: 21

6/10, I know it's not that nasty and I'm aware of the symbolism behind it but at the same time I also know about the arrow ritual and the cross in the center looks like an arrow sticking out of a target.

The reason KG hasn't finished any of their other projects. Now ~~two three~~ **twelve** nations. Very WIP.

~~please help the scope of this project keeps expanding and i can't stop it~~
