KINGDOM OF NAPLES | REGNO E NAPULE
Onore et Fedelta Senza Macchia

The Kingdom of Naples has long since been a player in European politics, developing as a maritime and commercial hub in the southern part of the Italian Peninsula under Spanish rule. This peace and prosperity was finally disrupted when the French invaded, establishing the Parthenopean Republic, and soon being thrown out by native Neapolitans. But a decade later the French returned and installed their own monarchy, now with a faithful ally in the southern Italian peninsula, they can turn elsewhere.
