Actually stands for "quote of the day my arse" because when I decided to do this, I anticipated I would end up changing it every once in a blue moon, or that I'd change it multiple times in a day. Surprisingly was able to change it regularly and only once a day.

New Twitstabook Event “Raid HAARP” Raises Concern From Canadian Government

Whose idea was it to call a social media network Twitstabook?!

Also, I doubt they're keeping magic weather-altering machines at HAARP - just like they're not keeping aliens at Area 51. No, the aliens, and their weather-controlling technology, are probably at some secret base in Antarctica, which will be much more difficult to raid than either Area 51 or HAARP. (jk there probably aren't any aliens)

No, this is an alt account. That line is just to say that this nation isn't related to Azur even though both nations make usage of porcelain dolls.
