Danny Baranowsky - The Wight to Remain Shopkeeper

This soundtrack gets kinda repetitive after 2 hours of dance music, but it is pretty funny and good in its own way. It's also interesting coming from the guy who did The Binding of Isaac and Super Meat Boy soundtracks.

Elton John - Your Song  
[Live performance, 1988](#)

*It's a little bit funny this feeling inside  
I'm not one of those who can easily hide I  
Don't have much money but boy if I did  
I'd buy a big house where we both could live  
If I was a sculptor but then again no  
Or a man who makes potions in a traveling show  
Oh I know it's not much but it's the best I can do  
My gift is my song  
And this one's for you*

*And you can tell everybody this is your song  
It may be quite simple but now that it's done  
I hope you don't mind  
I hope you don't mind  
That I put down in words  
How wonderful life is while you're in the world*

*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*

Elton John - Bennie and the Jets  
From *Goodbye Yellow Brick Road* (1973)

*Hey kids, shake it loose together  
The spotlight's hitting something  
That's been known to change the weather  
We'll kill the fatted calf tonight  
So stick around  
You're gonna hear electric music  
Solid walls of sound*

*Say, Candy and Ronnie, have you seen them yet  
Uh but they're so spaced out, B-B-B-Bennie and the Jets  
Oh but they're weird and they're wonderful  
Oh Bennie she's really keen  
She's got electric boots a mohair suit  
You know I read it in a magazine  
B-B-B-Bennie and the Jets*

Elton John - Tiny Dancer

From *Live in Australia with the Melbourne Symphony Orchestra* (1987)

*Blue jean baby, L.A. lady, seamstress for the band  
Pretty eyed, pirate smile, you'll marry a music man  
Ballerina, you must have seen her dancing in the sand  
And now she's in me, always with me, tiny dancer in my hand*

*Jesus freaks out in the street  
Handing tickets out for God  
Turning back she just laughs  
The boulevard is not that bad*

*Piano man he makes his stand  
In the auditorium  
Looking on she sings the songs  
The words she knows, the tune she hums*

*But oh how it feels so real  
Lying here with no one near  
Only you and you can hear me  
When I say softly, slowly*

*Hold me closer tiny dancer  
Count the headlights on the highway  
Lay me down in sheets of linen  
You had a busy day today*

*Hold me closer tiny dancer  
Count the headlights on the highway  
Lay me down in sheets of linen  
You had a busy day today*

---

Elton John - Rocket Man (I Think It's Going to Be a Long, Long Time)  
[Live performance, October 20, 1988](#)

*She packed my bags last night pre flight  
Zero hour nine a.m.  
And I'm gonna be high, as a kite by then  
I miss the earth so much, I miss my wife  
It's lonely out in space  
On such a timeless flight*

*And I think it's gonna be a long long time  
Till touch down brings me round again to find  
I'm not the man they think I am at home  
Oh no, no, no, I'm a rocket man  
Rocket man burning out his fuse up here alone*

*And I think it's gonna be a long long time  
Till touch down brings me round again to find*

*I'm not the man they think I am at home  
Oh no, no, no, I'm a rocket man  
Rocket man burning out his fuse up here alone*

Umbra Et Imago - *Mach Was*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Manowar - The Power

*This power's greater than love and of hate  
This is the power of will and of fate  
The power to kill the power to feel  
The power of blood the triumph of steel  
Greater than the power of a priest or a sinner  
The power to defy to fight and be the winner  
The power of the demons spirits I command  
Always by my side to serve the master's plan*
