On a serious note, I learnt that they're some weird form of Taiwan that actually seceded from the PRC. Nice.

Not sure where you're getting Taiwan from, we're in Central Asia

The name of the Nation may be inspired by the writer of Don Quixote's last name

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved

According to the nation's creator, they originally wanted to make it a cold and unwelcoming land, much like Antarctica, but ended up creating the French empire by accident

Violence broke out in 1922 between supporters of the government and various loosely organised opposition groups. Chaos and fighting between opposition and government forces took place around the capital city of Ardaşir

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

Sao Cervantes relies on tourism to generate most of its economic activity. Tourism as an industry not only accounts for over 60% of the GDP, but provides jobs for more than half the country's workforce. Three primary kinds of tourism are classified within the nation, being Environmental, Cultural, and Entertainment, respectively.

They had a war against Peru, which resulted in, although more casualties for the Inklings, it also made Peru economically and partially politically dependent on the Confederacy of Inklings.

Their former President from January 2034 to October 2034 was a 22 year old named...Emperor...well...hmm...that's an interesting name.

And his signature "Market Rights Act" is just a confused and contradictory piece of legislation that it is no wonder he was President for only a year.

A Quick Overview

A nation that rose from the ashes after the fallout from the nuclear holocaust nearly over 200 years ago. The current President of the Republic is a man named Ben Cole, who led a grand revolution against the tyrannical King of the Kingdom of Stan, whose whereabouts are unknown to the greater public. The citizenry of the Republic includes Ben's family (Emma, Victoria, Edward, Raiden, Chelsea, Winter, Piper) and other non-essential characters. Currently the nation has formed close ties with the Minutemen, Wisconsin, Minnesota, and the Windy Republic. However, the nation is cautious of the Brotherhood of Steel.
