Elton John - Healing Hands  
From *Sleeping with the Past* (1989)

*I never dreamed, I could cry so hard  
That ain't like a man  
I could fly like a bird some days  
Had a place where I could land*

*I could have sworn, we were all locked in  
Ain't that what you said  
I never knew it could hurt so bad  
When the power of love is dead*

*But givin' into the nighttime  
Ain't no cure for the pain  
You gotta wade into the water  
You gotta learn to live again*

*And reach out for her healin' hands  
Reach out for her healin' hands  
There's a light, where the darkness ends  
Touch me now and let me see again  
Rock me now in your gentle healin' hands*

*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*

John Lennon - Beautiful Boy (Darling Boy)  
From *Double Fantasy* (1980)

*Out on the ocean sailing away  
I can hardly wait to see you come of age  
But I guess, we'll both just have to be patient  
'Cause it's a long way to go, a hard row to hoe  
Yes, it's a long way to go but in the meantime*

*Before you cross the street  
Take my hand  
Life is what happens to you  
While you're busy making other plans*

*Beautiful, beautiful, beautiful  
Beautiful boy

The Beatles - In My Life  
From *Rubber Soul* (1965)

*There are places I remember  
All my life, though some have changed  
Some forever not for better  
Some have gone and some remain*

*All these places had their moments  
With lovers and friends  
I still can recall  
Some are dead and some are living  
In my life I've loved them all*

*But of all these friends and lovers  
There is no one compares with you  
And these memories lose their meaning  
When I think of love as something new*

*Though I know I'll never lose affection  
For people and things that went before  
I know I'll often stop and think about them  
In my life I love you more*

*Though I know I'll never lose affection  
For people and things that went before  
I know I'll often stop and think about them  
In my life I love you more  
In my life I love you more*

Benediction - *Unfounded Mortality*

**CVT Temp wrote:**  
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
