THE UNION OF FEDERATED COMMONWEALTH STATES

An Imperial Federation-turned-supranational union stands as one of the superpowers of a deeply multipolar world.
Myriad political systems bound beneath one loose Federation threaten to split apart at any moment.

Liberty is warranted by the voice of courage. Tyranny is warranted by the silence of fear.

Salary of educators should be on par with salary of military personnel

One provides a necessary service to the public, the other keeps children in an enclosed location for 6 hours... which tbh is also a necessary service to the public

Magnolia senator Wheeler (D) 'holds up' the senate filibustering in support of closer ties with Apartheid South Africa, recognizing the two Rhodesias.

So let me get this straight; You're telling me Apartheid South Africa, Rhodesia, and Dixiecrats all still exist in that timeline? That's unbelievably cursed.
