I'll vote for the "Who gives a fuck, leave me be" faction.

AAN: Aurevbushan Green Party seem quite cool and would probably be the only one I'd consider seriously supporting.

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

The [Rhonolendian Rhonosupremus David Gustav Rhono III](#) would probably endorse the nationalists (or the oligarchy), while the [Rhonolendian Kapusupremus Johnathan Abbott](#) would endorse either the nationalists or conservatives. More information is needed to make a more accurate judgment, however.
