Yes. People constantly misspell Thermodolia. There's two o's not two i's, e's, or a's.

It's Thermodolia. Not Thermidolia or Thermodelia, or Thermadolia or the several other misspellings I've seen over the years. If I had a dime for each time it happened I'd be doing pretty good

Could we go even more basic - like when people literally say the wrong name. I don't know how many times I have been called Dragonia.

I get that feeling

I mean what do you expect, Arpasia is the same user who went on and on about Texentuck or however the fuck you spell their name in this thread and insisted that they weren't obsessed with them when they kept posting about them.

Like I think we all have had users (both current and former ones) who have annoyed us but we don't constantly post about them here.

Speaking of misspelling, I've noticed that some for whatever reason get confused about the demonym I use for my nation: Aquarian. And they mind boggling think my nation is actually called "Aquaria" instead of Rapture. I correct them every time saying I like using "Aquarian" better to describe the nationality of Rapture and they get it wrong again after being corrected.

I'm wondering if they do it on purpose or suffer the memory of a goldfish.

This is actually the reason I didn't make my demonym "Lagish" or "Laguzrauthi," even though both of those sound way better than "Lakean"

Oh man, I don't know why I still remember this but there was this one nation from years back (I'm talking probably like at least 10 years ago) and they were one of those totally unique and original 'What if the Nazis took over the United States' nations but their factbook (and this was before gameside factbooks were a thing, so this was back when people still posted factbooks in the Factbooks and National Information board) was goddamn hilarious.

What I remember is that they claimed their military had like 100 billion soldiers or some shit and every weapon in their military fired a nuclear weapon and IIRC they claimed their nation had no curfews on the weekend but on weekdays the curfew was like 7pm and if you were even a minute late, you were killed.

It's just so fucking hilariously bad.

A secular, Tajik dominated state in Central Asia which has experienced 40 years of democratic backsliding. NS stats are NOT used.
