Don't break the chain

you say the same thing that AN says. If you say a different thing than AN you start a new chain.

For example:

Nation 1: Hello uwu

Nation 2: Hello uwu

Nation 3: Hello uwu

when someone says a different thing than the chain:

Nation 68: Hello uwu

Nation 69: No furry

Nation 70: No furry

Nation 71: No furry

Let's see how far we can stretch the chain

Me start: Delta is Cringe

Ok, so, let me introduce this hypothetical scenario, in essence a story. In this hypothetical scenario there is a person, a man, let's say for the sake of this 'story', and this man is hypothetically what one may consider "little". Let's say this man lives in a version of earth, comparable to our earth, except this world, essentially, is blue. Hypothetically, when this man wakes up, he essentially sees only the color blue, and before he goes to sleep, and of course every time in-between was blue, or to rephrase, everything this person sees is blue, comparable to him, on the inside of his physical body, and of course physically on the outside, right? For the sake of this hypothetical, let's say that this man's house was blue, including blue windows. This man also hypothetically has a blue car, let's say a Corvette. So basically everything is blue for himself, as I explained previously, but now let's discuss what would happen if we say that everything was blue not only for himself, but also for everyone around him. What I'm essentially saying is that the facts entail that he would have nobody to listen to.
