CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Joe Pass *I Remember Charlie Parker*, I like his playing but I find all the string noise every time he changes hand position really intrusive. Kind of wish someone would go over his recordings with a noise gate and an equaliser and get rid of all the squeaks and rattles.

Everything is intertwined

Found one of the saddest songs ever. The music by itself is not sad but the lyrics. Its a Russian song (with English subtitles) composed by a Ilya Alekseevich Shatrov, who had been a military bandmaster, and was involved in a battle in Manchuria in which the Russians were surrounded and pounded heavily by the Japanese for 11 days during the Russo-Japanese war. Song became a hit and later on lyrics were added by poet Stepan Petrov which increased its popularity. The kid singing this song only lived to 17.

Songs title - The Hills of Manchuria
