CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

This is how you cover a song, giving it a spin in your own style instead of just playing it note-for-note.

Prznt - WHAT YOU NEED. I've listened to this in the past hour.

also...

I forgot that song existed. Hadn't crossed my mind for years now. Great tunes.

Most people disregard it after listening to Cross, because it's the last track and you were probably only recovering from the intense combo of Stress and Waters of Nazareth.

What a late reply that I have done, but I need to scratch an itch. That's literally the only song of them that I know and can name, obviously not to diss on them, I first listened to them sometime in September 2017 on a weekday night while looking at Oregon on Google Maps, feeling weirdly nostalgic and found it harsh and striking, in a good way I suppose, with the pre-chorus and build-up. Good song title, as it feels like a rush. Another song I have listened to, I don't know the name of that. I also listened to that as the first song in the first minutes of 2021 as a New Year's song.
