Nocternity - *Secreta Ayra (The Key)*

CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

"All I Know Is" - Jay Rock

I'm loving this album (*Follow Me Home* - Jay Rock).

If liberty means anything at all, it means the right to tell people what they do not want to hear. - George Orwell

Wise men speak because they have something to say; fools because they have to say something. - Plato

“ **Calorax wrote:**

I adore Sparklehorse, just thought I'd throw that out there

I like his mellow stuff the most. Some of the more upbeat singing didn't do a lot for me, but overall I thought Sparklehorse was good.

“

Dean Blunt - Six

This guy has released one fantastic album and one great album this year, this is the great one

Did he release 2 albums this year?

Falls of Rauros-*The Fire we Fathered*

My favorite song from this album.

I listened to it earlier today and made a promise to myself. Hopefully, it's fulfillment will change things.

Now, after this, I'm going to watch Prometheus. So, consider this a goodnight.

Ahleuchatistas-Tentacle

This band is definitely good. Think I like the first album I listened to more but this is still good.
