It's the oldest story
Masses are oppressed
Faces, clothes and bladders all distressed
Rich folks get the good life
Poor folks get the woe
In the end, it's nothing you don't know - UGC Staff

I like how this line is exclusive to UGC Staff since they seem to acknowledge there's a class division and just don't seem to care about it all that much, since there's either not much they can do or they just too busy, yknow, pissing everywhere.

"Have you ever sat down for a moment after reading something depressing, like a family dying in a car accident or Valve not updating TF2, and thought; 'what is wrong with this twisted world? Why is it that society lets me down everytime I want to be happy?' Don't worry. We know the answer to that, and so much more... just take this machete in your hand and come along with me, luv..."

Theme for the Merrymen

TL;DR 'we live in a society'-type nihilist anarchist terrorist group evolved from a street gang in London that embraces violence, detests conformity and the law, and pride themselves out of committing crimes, getting into mischief and acting out their most depraved and extravagant desires in order to bring about the downfall of society... just for a bit of fun.

Soyou had a life, died, got flung between the 5th and 6th layers when the angry people and the heretics were having a bit of a go at each other, got flung right into the 9th layer and then... you united the lords of all the layers and created a buffer state between the mortal land and the underworld. What a journey, aye?
