"This guy is worried about his lack of abs or something. Yesh, the fucker looks like a Grogak character except with no abs. Imagine how he'd feel if he was born with MY 410' body. He probably would chuck himself off into the Caribbean with a stone attached to his ankle. Still, the way he was made was...eh...interesting? It's somewhat more fucked up than me putting my brain in a vat, but then again I'm using technology that was researched through some truly inhumane means. So, I guess a debauched orgy is better than using political dissidents as test subjects, even if I wasn't involved with that at all. For the guy and...Skyhooked, I really don't what to make of them I like their free-spirit and devotion to liberty, but I think they lack virtue. I mean, I've seen what drugs, or chems as they're called in my world, have done to America after the Great War. The poverty, the misery, the savagery. Perhaps, Skyhooked's drugs are less potent than chems in my world, but it was a pain getting all those damn people off chems! Not like I really care about it otherwise though. I just think roving gangs of druggies is toxic to the virtue and sustainability of any republic. Perhaps, Skyhooked has it more well-regulated, but still...After what I've seen in Seattle, Portland, and New Reno, I think I'm wary about chems. Cannabis is fine though, I guess."

I mean, I don't like the n-----s and s---s either, but really I guess whites are an ethnic minority in the Caribbean. So, you're probably keeping them covered, unless I read your history wrong. Regardless, the Caribbean is a shithole anyways. Fuck those sweaty islands! Though, I always wanted to repeat that pirate republic experiment I did earlier....Maybe, I should dust up my eyepatch."

"Oh great, it's one of THOSE people. Look patriotism and nationalism don't really have consistent meanings. Nationalism can be ethnic or civic. Patriotism can be a love for a democratic republic or a slavish worship of an autocracy. The fact that you made that crap law makes me wonder about the intellectual viability of humanity. Seriously, now I'm starting to get why Mr. 'Peak Anglo' House thought the way he did. Bah, I guess that's just how your world defines the terms. The Belkan Nationalists being the German Nazis of your world and all, right?"

Oh, sorry for your loss and all. But, why did you fight on the Allied side as a mercenary for Ustio if Osean forces killed your parents? N-Not that I question your reasoning, b-but I think there's something missing in your backstory log."

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

I love how he talks about how weak the humans are, and this is obviously an epitome and irony in action. Ladies and Gentlemen... you cannot be this brain-dead and let alone survive, or lead a whole nation, no less. Sorry about my harsh words, but that is true. You talk about how weak the humans are and all that bravado nonsense, and yet, you think about extinguishing a nation of love of what, just because of something that is potentially out-of-line from me? My friend, I am the Fate, and Fate has determined that you are the weak one in this fight. Look at you, all edgy and that nonsense. No wonder no one likes you. I could change you for the better.... or I can make you gone. You choice, whenever you think you are the superior being. So, what do I think of you, hm? Well, at

this point, it's not very redeemable now, I'm afraid? Congrats on calling out that racist, but unfortunately, you have threatened us, and that is going to be disastrous for you. You talked about how they would "foolishly picked the wrong fight" and you, my friend, have just inadvertently done that.... 36 hours ago. Very unfortunate set of circumstances for you if you lay a hand on my friends.

"Yesh, what's with the hate mail? I get it. You hate racism Racism bad. Not like heard that line a bajillion times already! God, why can't you just drown in your aquatic shithole already?! STOP CHIDING ME FOR MY LIFE DECISIONS!"

Like Jesus, I'm seriously wondering if you're gay for me or something. I'd totally get a restraining order, but I know you can't reach me. Heheheh...

Because, you're wrong! Ahahaha! I'm no mere human! I'm a GOD! You don't understand it, but I had achieved immortality. Not just freeing myself of the constraints of biological aging, I mean. No matter how many times you kill me, I'll simply return completely refreshed. Your naivety is truly grand and intoxicating!

You lecture me about humanity's weakness as if I never experienced it myself. You don't know how it feels like to be truly weak. To be truly helpless. To lie on the ground, beaten and battered by those who consider themselves superior to you for being dumb brutes. You lecture me about picking the wrong fight with the wrong race... Well, LOOK AT THIS!"

"This is what the Chinanen did to America because we 'picked the wrong fight'. HAH-AHAHA! You think I care about 'racial supremacy'? I never was about whites being superior over all over races. Though, I totally think black people are dumb and inferior. I support white nationalism and white 'supremacy' in the sense that I want MY group to dominate society, that America belongs to the white man! That the Democratic Party shall NEVER die! That the party of the negro and Lincoln is responsible for America's weakness and self-destruction. That capitalism and multiracialism is responsible for America's decadence.

And, calling me a parasite is rich coming from someone who was born from bankers who built their entire wealth from leeching on the lives of honest, hardworking people. You're a parasite, your family were parasites. And, nothing would please me more than sending them all to the guillotine while I burn the banks down, AHAHAHA! And, entrepreneurship? Entrepreneurs build their wealth on the backs of others. Normally, I care little for spreading a socialist revolution worldwide, but maybe I should give you the Bolshevik treatment and have your own workers butcher you! Then, we'll see if you cry racist or commie as your last words!"

"The battle-tested 'Sailor Queen' could certainly be far worse. Her stumbling onto the throne is certainly not the most impressive feat in the world, nor had much of her reign, as far as I can tell. Of course, I suppose the very fact that she is Empress is commendable - I understand her people are not particularly used to the idea of following a woman, convincing them to do just that is an admirable feat as any - but beyond that it's hard to say what exactly she has achieved while in office. There is, however, her commitment to the military, particularly the navy, which I have to respect. Too often to monarchs sit comfortably on the throne while others fight their battles for them, but not her Majesty. Also, I have to admit. The navy has a special place in my heart, and any man or woman who joins her ranks deserves respect, as far as I'm concerned. Her efforts to rebuild her Empire's navy are also something I have to tip my hat to. All in all, Sophie is a fine leader - still young, with plenty of time to prove herself."
