Absolutely not, as I'd be targeted as a result of "detropicalisation".

EDIT:

Same answer as before, which is *absolutely not*.

Dude, what's your racial background? You know that Taiwanese and southern Chinese are legitimately East Kekistani, right? Moreover Arabs and other Middle Eastern peoples aren't behaviorally tropical so they are not harmed within East Kekistan which is clearly stated in the East Kekistanism article.

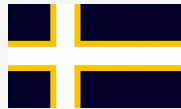

The purpose of Detropicalization is removal of behaviors harmful to planetary defense. Tropicality hampered production and hence endangered humanity as a species which is why we decided to decisively deal with it.

Yes, I would. It seems pretty good.

The **North Sea Realm**, colloquially known as **Northaria**, established 1421 A.D. A British-Nordic nation with strong democratic traditions and an elective monarchy.

We use NS stats, with the exception of tax rates and the related stats. The Northarian population is an estimated 75.7 million.

I reject anything and everything political that I posted on here prior to 2019. She/her, please.

Definitely not my first choice, but I think I would be at least okay with living there.

This nation is based on (a slightly more extreme version of) my IRL opinions, and I answer issues accordingly.

Maybe....

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.
