I like it. Thanks!

You might like some [Silversun Pickups](#), because they are shoegaze. I personally have no idea what defines shoegaze, but yeah.

Edit: Of course I looked up what defines shoegaze right after I said that.

I personally think that Pantera was better in the 80s, before Cowboys from Hell.

Agreed. That song is my personal favorite too. It's one of those songs I love, because the lyrics can have multiple meanings. Human destruction is the main thing I think of.

Have you heard the stuff that's not on his album, but is floating around? I'm not completely positive what it's from. But anyway, [here's](#) the [songs for you](#), if you care. The first one being one of my favorites from him in general. I love a good dark song. He can do a big variety as well (and the people playing the instruments, obviously)

And have you heard his soundtrack for [We Bought A Zoo](#)? It's pretty good too.

Okay. Thanks! Of course the album that for some reason only has 2 of the songs from it on Spotify....not sure why. But I will just add all their albums to a playlist to go through or something, but go through the ones you mentioned first.
