Maybe it's just the way the algorithm reads me, but when I searched the web to see if this is a reference, one of your NationStates' posts was actually the first hit, *before* a book quoting the song (the Washington-praise riff on "God Save the King"). Congrats, you have defeated history?

Spoiler: they do end ruling the whole continent, but they don't get too enjoy for too long thanks to China. 🙄

I don't know if "favorite" is quite right, but this is definitely the most striking. It seems like it'd be hard to get ready for peace *and* destruction. They seem to require pretty different responses.

If I had a nickel for every time this weekend I've seen Hegeleian thought referenced in a non-academic setting, I'd have two nickels, which isn't a lot, but it's weird that it happened twice.
