Dokken - Sleepless Night

Great solo but not enough to save the song.

Sex Pistols - God Save the Queen

Geez, this is from 1977? I didn't think there was punk that sounded so...punk in the 70's, even though yes, I know that the 70's were kind of the beginning of punk music. Because apparently the 70's was the beginning of many styles of music. It just sounds like what I'd expect of 90's punk or something.
