The flag is fantastic, but there is not much information.

And the trivia -it is a spacefaring nation with space colonies and a steampowered cyborg queen in 1920. How that? It assumes a totally different world history I cannot yet oversee.

I do not want to get ruled by a cyborg. Although that is not the sole reason to say no

So no.

Yes, without hesitation

In a galaxy where humans were lifeseeded on 12 planets, a federation with a ceremonial religious head of state has united 8 of them. Religious, Ethnic, and Political conflicts are practically an every day thing and the threat of alien invasion has caused paranoia and xenophobia among the population.

Wexas' attempt at FT. No funni powerwank/"sexy" aliens for me.
