What?

Wild guess: DDR.

Syahizo! This is the Australian Republic, an imagination of what an Australia not colonized would be like. Yes I know, really *unrealistic*, but that goes in the way of creativity, and is intentional, so please do not disturb me on this point. For some quick info, the official language is Australian (they did it the Indonesia way). I had a sudden surge of creativity and made this nation, also expect massive lore drops nearly every day.

You came down to this southern town last summer
To show the folks a new way to live life
But all you've shown around here is trouble
and you've only added misery to their strife!
