AVTechNO! - sobani

Ok, ok. Obviously I'm no help in situations like these, so just stay as positive as you can and we'll talk about it again if you have a breakthrough (or if it starts going the other way).

I'm fine sir, I'm not an outward emotional wreck like many people might think if they didn't know me personally. Uh, I think text's inability to convey tone might've confused you; I meant to say "you have no idea" in a bright and cheery way, since well, making a living from music is a great aspiration of mine. Sorry if I confused you.

Oh! Sorry, text can be a real pain sometimes. Keep at that aspiration man, it'll give you something to look forward to for pretty much ever. If you don't make it, it's never too late. If you do make it, you can ALWAYS improve!

Dir En Grey - Inconvenient Ideal

You're quite welcome!

I've actually been thinking about doing a little writing (at least lyrics) recently, but my reasoning is much more personal than career aspirations at the moment.

Well, honestly I don't mind much if it just remained a personal thing. I would like to share stuff with people, though. I honestly don't really care about making money; I'm focused on making music.
