7/10. I imagine a Giedi Prime alike place when I see it, but also could be a futuristic cyberpunk country.

3/10, plainly not evil.

A secular destruction-cult, a rogue nation of space nomads, militarized mad
scientists & anarchists.

NS Stats for The Disorder are not IC. [These](#) are.
A **4.333 civilization**, according to [this index](#).

3/10

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.

7/10, the combination of maroon and black just gives, for some reason, Authoritarian vibes.

Welcome to Aerlanica! the resident punching bag of the entire universe! God forsakes us, Hell hates us, Tech is stolen by us, fascists fear us and NS stats are ignored by us. Come for the democracy! Stay for the Fanaticism!
